We are a MANUFACTURING COR-PORATION, with a nationally known product, protected by a patent process which is considered as important to the AUTOMOTIVE industry from an economic standpoint as the Bessemer process is to the steel industry.

We have room in our organisation for a number of live-wire salesmen who are looking for a job which they can make their life's work-where they can virtually get into business for themselves.

Right now we are increasing our manufacturing facilities and are looking for young men who are ambitious to make a future for themselves, and who are willing to help us in securing additional capital which we require for business and plant expansion, by calling on Motorists in New York and vicinity (with cards of introduction) and inviting subscriptions to our offering of 8% Cumulative Preferred Stock, with a Common Stock home.

Many young men in our organization who have never sold a share of stock in their lives before are now sarning on a commission basis from \$100 to \$250 a week and more, so do not hesitate because of lack of experience in this particular line of work; we will help you to make a success of li-right from the start—and your success will not only mean money in your pocket, but will prepare you for a PERMANENT FUTURE.

You would like to know more about this opportunity, wouldn't you? Then come to the 11th floor of the Buckley-Newhall Building (sist Street and 6th Avenue), New York, any day this week after 11 A. M. and ask for Mr. Estes. Tou will see one of the finest sales organizations in New York city.
